ACCESS TO ARCGIS ONLINE

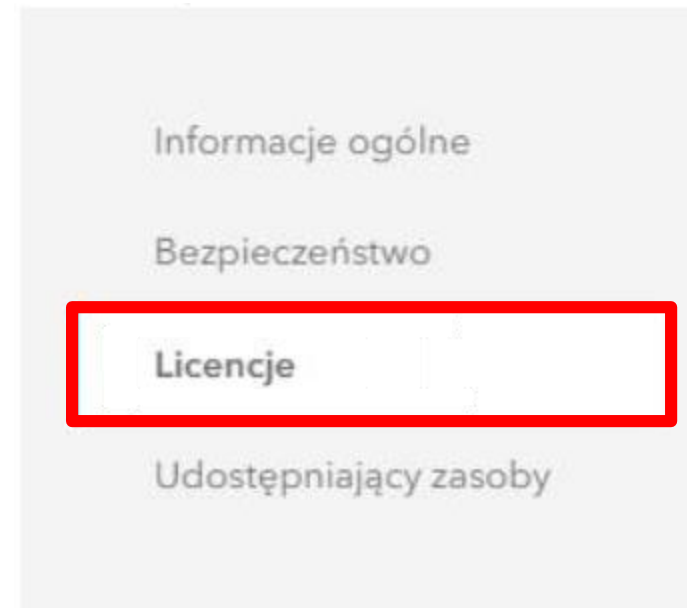

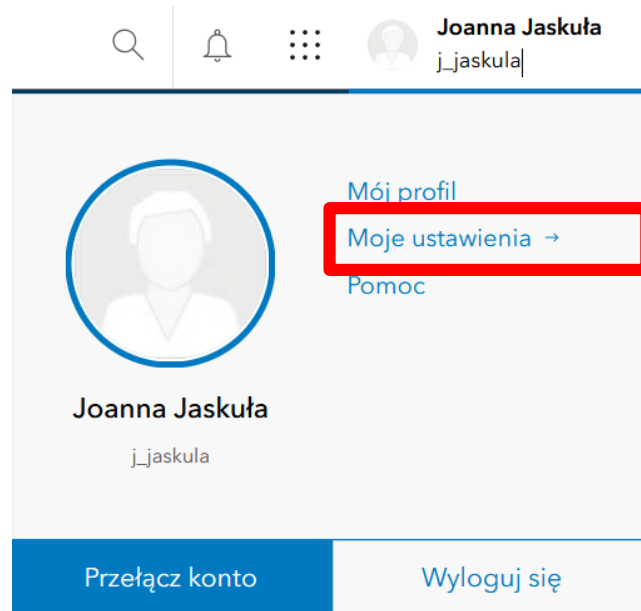

Downloading ArcGIS Pro requires access to an ArcGIS Online account. After your account will be created, you will receive your login information and a password to reset link at the email address provided in the card.

The next step is to download ArcGIS Pro from ArcGIS Online. To do this, log in to your ArcGIS Online account (www.arcgis.com).

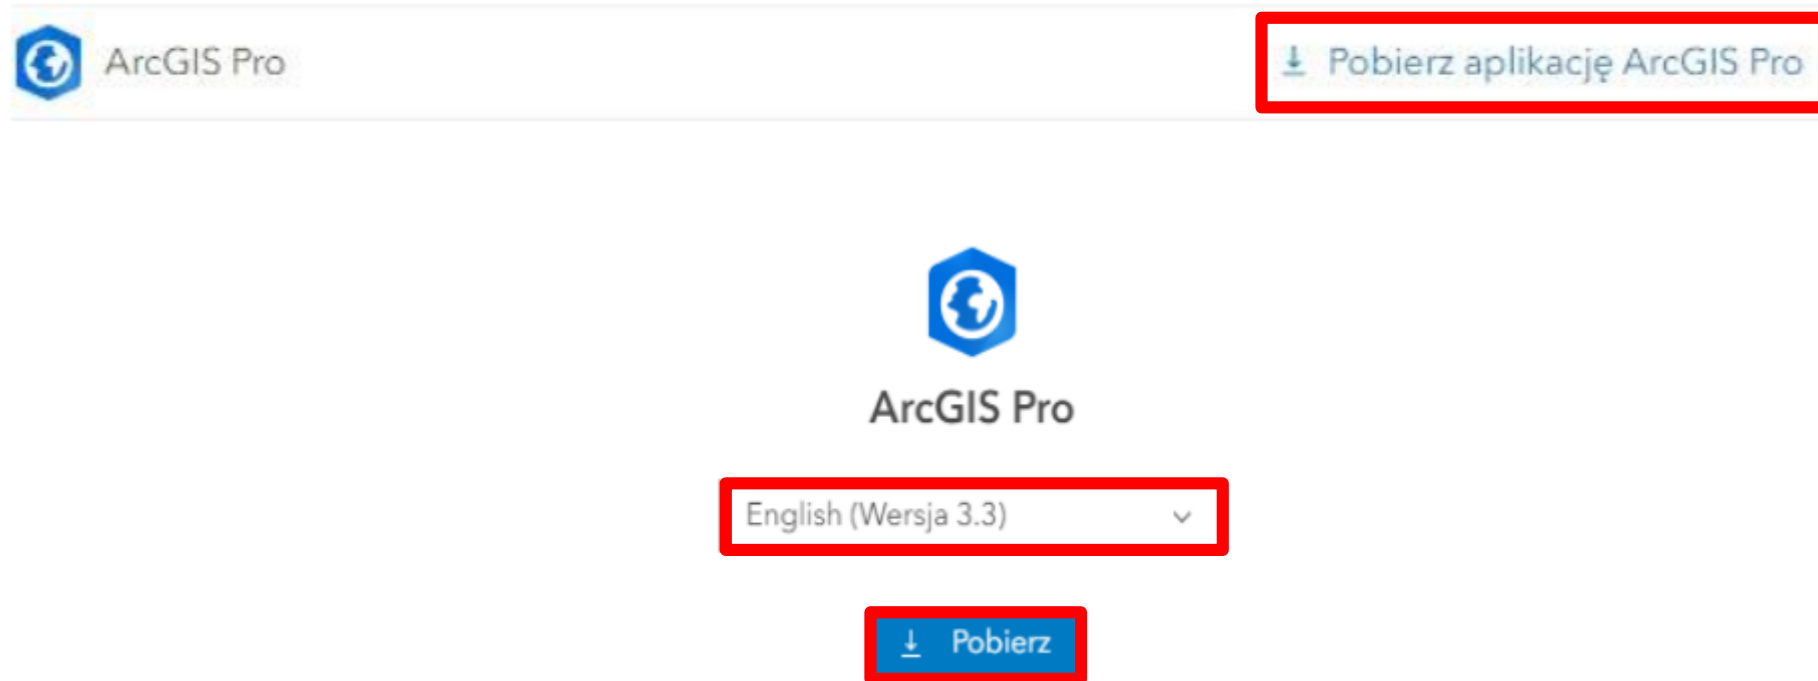

INSTALLATION OF ARCGIS PRO

After logging in, click on your username in the right corner, select My settings and then licenses.

INSTALLATION OF ARCGIS PRO

From the list of licensed products, find ArcGIS Pro and select Download ArcGIS Pro. Select the language version from the drop-down list (English is recommended) and then click Download.

ACTIVATION ARCGIS PRO

After downloading the installation file, double-click it and go through the installation process. It's recommended to stay with all default options.

After installation, verify if ArcGIS Pro is installed correctly. Find the software on your computer by entering "ArcGIS Pro" in the search field and then activate it.
